

THE DAILY STAR

THURSDAY, JULY 29

LARGEST CIRCULATION IN THE CITY.

It will probably be clearing and fair to-day, with light showers this evening or to-night.

LOCAL BREVITIES.

The Burnett Woods concert, this afternoon will be held at the old farm house, at the south end of the Park.

An unknown man was badly hurt by being run over by a hand-car near the Penitentiary car shops last night.

A workman in the employ of Mitchell & Rummelberg had one of his thumbs cut off by some machinery yesterday.

A sneak thief last evening entered the house of Mrs. Smith, southwest corner of Twelfth and Vine streets, and stole a valuable dress belonging to the above mentioned lady.

Mr. FRANK STROCKLER was yesterday afternoon bitten on the hand by a vicious dog, on the corner of Fourth and Sycamore streets. The dog was afterwards killed by an officer.

The match game of billiards between Harry Choate, of this city, and Jacob Garrett, of Indianapolis, takes place to-night at the Grand Opera-house, and promises to be very interesting.

A man named Edward Kale is reported missing. As he was seen around the burning building at the late Fourth-street fire, in a drunken condition, it is feared that he has been buried in the ruins.

DEPUTY SHERIFF BROWN sold on Change yesterday at auction 15 shares (\$1,000 a share) of the Champion Coal and Towboat Company to Wm. Means at 70c; also, 45 shares of the Big Sandy and Pomeroy packet Company (\$100 a share) to the same party at 25 cents.

The Cincinnati Walnut Hills, Avondale and Pleasant Ridge street and Inland Plane Highway (Route No. 12) yesterday elected the following Directors: Robert Mitchell, Henry Peachey, John Dickson, John M. Scudder, Mark Holmgren, William Porter and Flamen Bull, Jr.

PETER LITZENBERG, last evening, drove a three-horse team into the river, as Stow's Landing, but reaching the deep water was carried away by the current. Two of the horses were drowned, but the steamer McArthur rescued the driver and the remaining horse.

Mr. MORRIS B. DECAIR, lately of this city, died suddenly in the West, while on his way to Colorado for the purpose of recruiting his health. Mr. DeCair was well known among the insurance companies, having been connected for ten years with the Equia Insurance Company, and later with the Andes.

We notice in the window of A. J. Nure, picture dealer, on Main street, a handsome photograph of Captain Johnson, Lieut. Wm. M. Smith, and Ex-Sec. Lieutenant George C. Beach, of the Lytle Grays, of this city, all in full uniform, making a handsome set ensemble, of which they nor their comrades need be ashamed in time to come.

Mr. WILSON BREIDEN, watchman of the bowboat Kate Waters, was drowned yesterday near New Richmond. Mr. Breiden was in the act of removing the signal-light from the head of a barge in the foot of the Kate Waters, when he slipped and fell from the gunwale on which he was standing, and never appeared above the water. It is supposed that he was drawn immediately under the barge, as he was known to be an expert swimmer. He leaves a wife and two children in Ludlow, Ky., where he resided.

We were pleased to meet this morning our esteemed friend S. M. Burroughs, who represents the well-known drug house of John W. & Brother, Philadelphia, the Compressed Pill Manufacturers, and introduced by this firm, are meeting with favor in this and all the principal cities in the Union. The advantages claimed for these pills are that they are smaller than those made by any other process and are ready, soluble, and being flat in shape, are very easily swallowed. Certificates from some of our leading physicians say they have found these compressed pills to be quick in action and very reliable. Mr. Burroughs remains in our city a week or two and will call upon all our prominent physicians and druggists.

Larcenies.

The following larcenies were reported this morning at the office of the Superintendent of Police:

A black cloth dress-coat was stolen yesterday afternoon or evening from L. Goldberg, No. 229 West Ninth street.

One white dress, three white skirts, two linen sheets, two pillows, one bolster, one spread and a lot of underwear were taken yesterday from the residence of Mrs. Andrews, northwest corner of Seventh and Elm streets. No arrests in either case.

The Firemen's Benefit.

The arrangements for the firemen's benefit at the Lookout House to-night are complete, and the prospects are that the occasion will be a highly interesting one and very largely attended. Nearly ten thousand tickets for this and the two to-morrow nights have been sold, and Cincinnati will, in a substantial and unmistakable manner, testify her regard for her heroic fire brigade.

The main hall at the Lookout House will be opened this evening so that in case of rain there will be shelter for the large crowd that may be present.

The trains are to leave Plum-street depot at 9:30 A. M. and arrive in Columbus at 11:30. The party on arrival will be conducted through the prison, visiting the workshops while the prisoners are at work, and also visit the dining-room at lunch time.

The excursionists will picnic on the grounds, and afterward will be given ample time to visit points of interest in the city. The fare for the round trip is but \$1.

News from the Governor's Office.—The Abortion Inquest.

Frederick Gaunziller, a man about 51 years of age and of German nativity, residing at No. 27 Garden street, fell from a step-ladder a distance of fourteen feet, to the ground below, last Tuesday evening, and suffered a fracture of skull, together with other internal injuries, from the effects of which he died Tuesday night about 10 o'clock. At the time the deceased was employed in whitewashing the walls of Weyand & Jung's brewery, on the corner of Freeman and Bank streets, and was just coming down the step-ladder when through a misstep he lost his balance and fell.

The deceased was a man of sober and steady habits, and has been occupied as a brewer in the employ of Weyand & Jung for the past twenty years. Coroner Maley was notified and this morning held an inquest. The jury returned a verdict of death from accidental injuries.

The inquest on the male fetus found at No. 896 Baymiller street, July 23d, was continued by Dr. Maley this morning. The mother, it will be remembered, was Mrs. Sallie Schramm, who came here recently from Baltimore, where her husband had deserted her.

Dr. J. F. Judge, who made an analysis of the medicines which were given to Mrs. Schramm by Dr. Hausmann, presented the following statement: The oil of tansy is the chief ingredient in the medicine contained in the bottle. There is also a preparation of pennyroyal and cascubal balm, a tincture of fluid extract of these articles. The essential oil constitutes nearly one-third of the preparation in the bottle by measure. The composition of the wet powder, I am inclined to think, is a mixture of rhubarb and drugs of a purgative character. These substances found in the medicine have the reputation of being abortive, and are very seldom used. I consider oil of tansy dangerous to be given internally to any one.

The case was then submitted to the jury, who returned a verdict that the deceased "came to his death from an abortion produced on his mother, Mrs. Sallie Schramm, by medicines and instruments, the same being furnished and used by Dr. Christian Hausmann."

Coroner Maley, in examining the above case, has faithfully labored to arrive at the true facts in the matter, and in doing so has given another marked evidence of his abilities and energies as a Coroner who is cognizant of his duties and at all times strives to perform them satisfactorily and well.

The woman, Mrs. Schramm, he has ordered to be taken to the hospital, where she is receiving medical attention. As soon as she is able to be removed she will be taken to the County Jail to be detained as a witness, as the Coroner intends to prosecute the case to the end and by an example avoid its repetition.

Police Pickings.

John Dorian and James Payne were arrested yesterday on a charge of having stolen a pair of boots worth \$5 from Henry Witte's store, near the corner of Front and Elm streets. In the Police Court, this morning, the case was called for trial, and the jury returned a verdict of guilty. The defendant was sentenced to thirty days' work-house and a fine of \$10. Payne received a sentence of \$5 less than that of his companion.

The temple of Jennie Marks, No. 36 West Sixth street, was "pulled" last night, and Jennie and six of her girls "taken in." Their names are Susie Cummings, Emma Williams, Ella Storck, Mary Doyle, Nettie Moore and Belle Sanders. The landlady was fined \$20 and costs and each of her boarders \$5 and costs.

Albert Tableman, a laborer at the Newport Driving Park, came over to this city yesterday and visited the house of Lizzie Terrell, on Third street, near Central avenue, where he commenced making a general destruction of the household furniture and assaulted Lizzie. Officer Cassio was called in and took him out, when the latter made a plunge at the officer with an ice-pick, but did not stab him. Officer Ryan came to the assistance of the officer, and the two had considerable trouble in arresting him. He was taken to the Third street station on a dray. In the Police Court this morning, on the charge of malicious destruction of property, he was fined \$5 and costs, the same for assault and battery, and was sent to the Work-house for a term of thirty days for resisting the arresting officers.

Louisa Graves, residing on John street, between Clinton and Betts streets, was arrested yesterday evening about 6:30 o'clock by Officer Burger, of the Bremen-street Station, on a charge of assault with intent to kill a colored man, named Andrew Jackson. She was arraigned in the Police Court this morning and had her case continued till August 2. Her bail was fixed at \$500. Mrs. Graves alleges that Jackson, who is a colored man, made improper proposals to her, and daily attempted to accomplish his object by force. She then, according to her statement, took up a hatchet and struck him a heavy blow on the left side of the head, above the ear, taking a large piece of the scalp along. Jackson was taken to the Hospital, where he is lying seriously but not dangerously wounded.

Ralph Cooper, who, as we mentioned in our columns yesterday, was locked up in the Ninth-street Station-house on a charge of having stolen a gold watch and chain worth \$105, had his case continued in the Police Court this morning till to-morrow. His bail was fixed at \$800.

Sam McKibben and Sallie Cunningham, who were charged yesterday with the embezzlement of \$175 belonging to a Mrs. Lindemann, from Covington, were both dismissed in the Police Court this morning, as the charge could not be sustained.

Court Cuttings.

The jury in the case of B. Agin against Lane & Bodley, a suit to recover for professional services, were unable to agree and were discharged.

A verdict was yesterday returned for the defendant in the case of C. S. Ludlow against E. C. McCracken. The suit was to recover \$169 as commission for negotiating a lot of real estate.

The jury in the case of Sallie Ann Menzie against J. T. Williamson, mentioned yesterday, were unable to agree and were discharged.

The will of Clement J. Acton was probated yesterday. The property of the testator was bequeathed to his wife and two daughters. The amount of the property was not stated. Mrs. Mary N. Acton was appointed executrix.

The will of John G. Feiertag was also probated. Sophia Feiertag was appointed executrix. Personalty, \$4,000; realty, \$28,000.

Ingram & Co. yesterday submitted a bill before Judge Avery against Geo. A. Lindeman to recover \$4,041 damages for certain personal property forming the stock of the late Courier office, which it is claimed the defendant converted to his own use. Case in progress.

Do the Forests Cause Rain?

UPA-TREE, July 29, 1876.

ED. STAR: How about the destruction of the trees and forests causing drought? THE STAR will favor the people owning corn-fields in the region of the Great and Little Miami rivers by touching up that subject, if it is the thing to do.

farmers propose to begin to work upon that theory.

Ask the Commercial man to drop his rag-money and hard-money theories for a day or two, and tell us again how the cutting down of the trees and forests will tend to bring sunshine. If it is right when he faces his enemy on the field of battle or on the field of honor, i. e., on their feet, with bodies erect, proud, confident, manly men. What if neither made as good shooting for awhile. They would soon excel their previous efforts and maintain the attitude of God's noblest work-man. Respectfully,

Yours, GRANGERS.

Our Riflemen.

ED. STAR: Did the English and Scotch Rifle Teams lie down to shoot, or did they stand up and shoot off-hand like men. I think all rifle associations ought to require all competitors for prizes to stand up like men, neither lie down nor shoot from a rest. What do you think about it? Would we not feel prouder of our team if they had stood as a man stands when he faces his enemy on the field of battle or on the field of honor, i. e., on their feet, with bodies erect, proud, confident, manly men. What if neither made as good shooting for awhile. They would soon excel their previous efforts and maintain the attitude of God's noblest work-man. Respectfully,

Yours, GRANGERS.

The Legal Rights of Cats.

Cats are a legal nuisance. That is, they have the legal right to live among us, and no one seems to question their right to make all the holes and disturb all the people they please. All people can do is to express disapprobation, and throw, now and then, valuables after them from the bed-room window. The census of cats would astonish people more than their nocturnal councils do. Some people are accustomed to these debates, and don't even wish to hear the other side to all around them. His suddenly brought to consciousness by the agonizing screeches of the council of cats. Swearing does no good. Old boots and soap dishes are not much better. Cats have a faculty of dogging all misdeeds thrown at them. They never fail, either, to come right back and get you nicely covered and renew their deliberations. Throwing water or coal at them is useless. They are not afraid of water nor terrified at showers of coal. The gentle "tabbie" and the docile Maltese with blue ribbon around his neck and pink strings in his ears are just as bad as any cat.

From nine to thirty-seven cats usually congregate under a bed-room window and begin their exercises just as the inhabitant of that room begins to look about him to get ready for the morning. He is brought to consciousness by the agonizing screeches of the council of cats. Swearing does no good. Old boots and soap dishes are not much better. Cats have a faculty of dogging all misdeeds thrown at them. They never fail, either, to come right back and get you nicely covered and renew their deliberations.
